

GLASGOW'S ALLOTMENT RESOURCE BANK LAUNCH EVENT

Sat 27 June, 11am–1pm

Netherton Community Centre, Netherton Road, Glasgow, G13 1AX

Over the past year, **you've sent us guides and documents that define life on your own allotment sites.**

We've curated a set that shows the range of how you approach running your plots, and **why we think each one's a good example** (constitutions, weed guides, inspections, getting-started guides...)

Join us on 27 June to:

- **see the resource bank** for the first time
- **meet other plotholders,**
- **discuss them** with each other.
- **share ideas about how you might use / adapt them**

We're growing the resource bank with more categories, so bring us your suggestions on what else would be helpful to add

Save the date – we'll have more detail in mid-June, but join our mailing list to make sure you get the final updates!

Please share with anyone involved in community growing or allotments.
